

TandemVu PTZ Cameras with ColorVu 32x Zoom

Big Picture and Details in One View

DS-2SE7C432MW-AEB(14F1)(P3)

The TandemVu PTZ cameras integrate a bullet camera and a PTZ camera in one unit. The overall view remains even during the pan, tilt, and zoom maneuvers, so that users will see everything and miss nothing at any given instant, getting unparalleled situational awareness from the moment you set the camera up.

Shortcomings of Conventional PTZ

- Single PTZ

Loses original scene when it pans and tilts

Loses global view when it zooms

- Single PTZ + Fixed Camera

High system cost

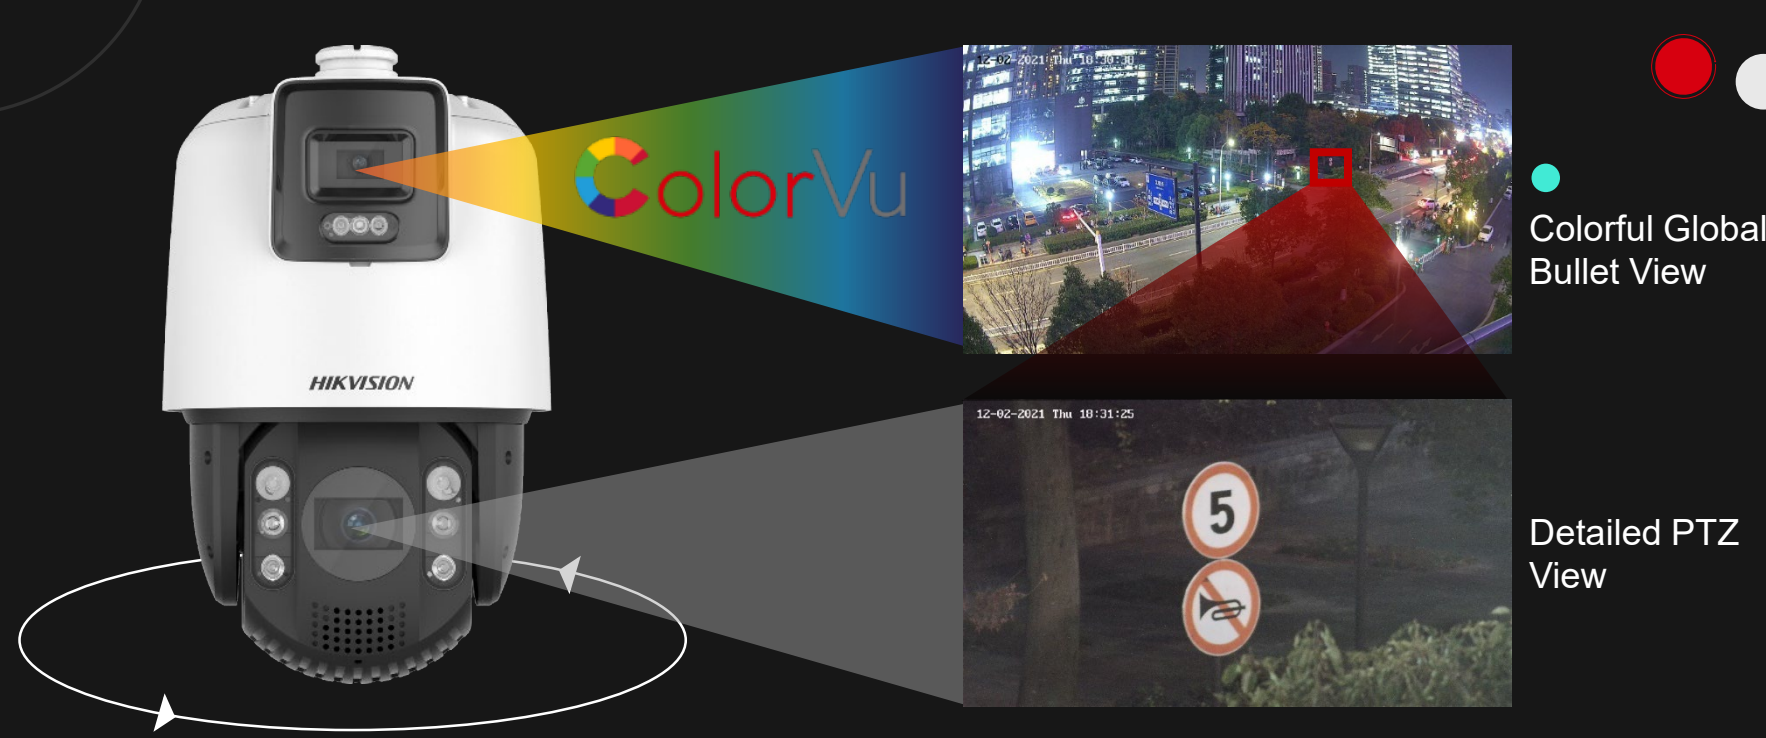

Complex installation

Difficult linkage

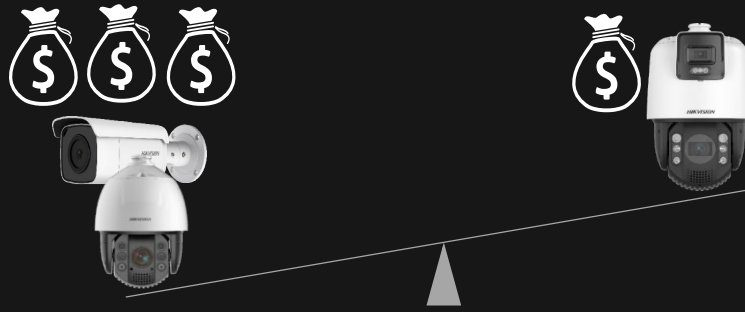

Why the TandemVu PTZ Camera with ColorVu

Big Picture and Details In One View

Advantages of the Integrated Design

- **Cost Saving**

- **Easy Installation**

AcuSense Technology Brings Intelligence and Efficiency

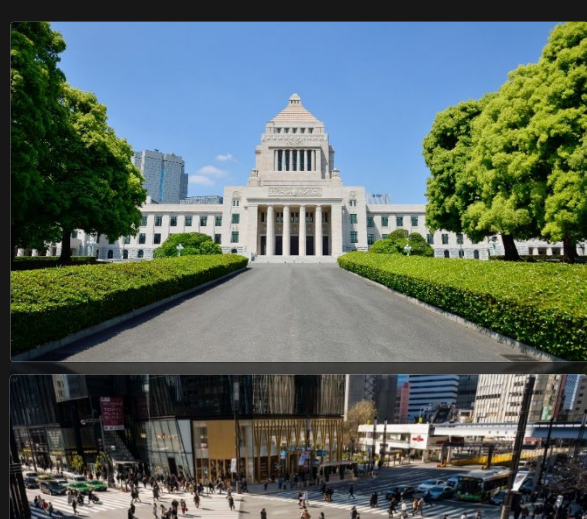

- **Focus on Human/Vehicle**
Only a human or vehicle can trigger alarms while other targets are disregarded.
- **Act in Real time**
Warn off intruders with strobe light and audio alarm. (98 feet)
- **Quick Target Search**
Find the video you need more quickly with classified video footage in NVR.

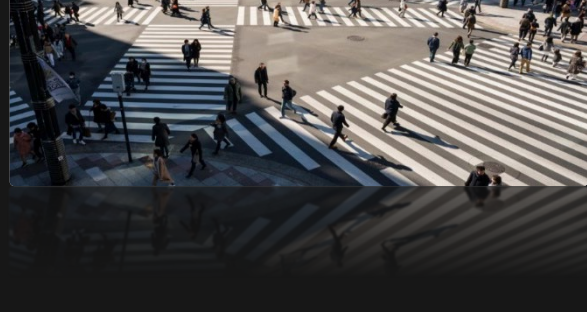

Applications

Industrial parks
The bullet view for 24/7 recording of key areas; The PTZ view to observe patrol patterns.

Schools
The bullet for perimeters; The PTZ view for details at the gate.

Crosswalks
The bullet view for continuous recording; The PTZ view to target details on the road.
